

Assembly Instructions for #22226

all 3 panels as show using the connectors.
Be sure all horizontal grid wires are facing the

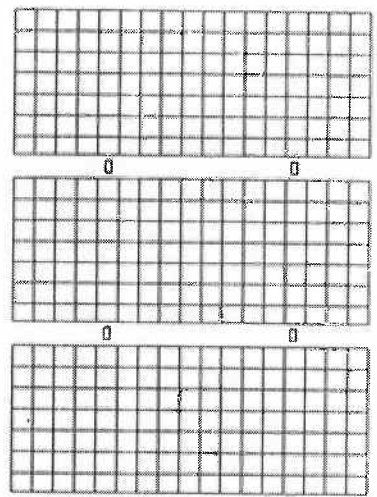

2) Turn outer panels until triangular shape is formed. Use the remaining connectors to complete the triangle.
(NOTE: All horizontal grid wires are to face outward)

3) Finally, the triangle grid disappears into the triangle base as the shelves and the disappears complete.

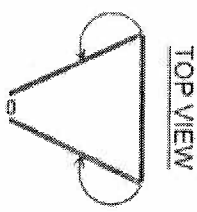

Assembly Instructions for #22226

Handwritten scribble

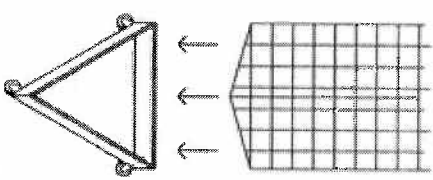

1) Attach all 3 panels as show using the provided connectors.

(NOTE: Make sure all horizontal grid lines are facing the same way.)

2) Turn outer panels until triangular shape is formed. Use the remaining connectors to complete the triangle.

(NOTE: All horizontal grid lines are to face outward.)

3) Finally, the triangle grid display will set right into the triangle base as shown. Attach the shelves and the display is complete.
