

ASSEMBLY INSTRUCTIONS FOR #2402

PARTS LIST:

TOP-1

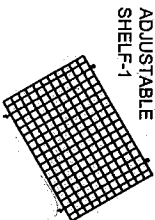

SIDE
PANEL-2

END
PANEL-2

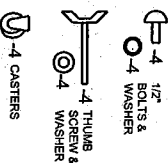

(NOTE: THIS
PANEL MUST
HAVE THE
HORIZONTAL
WIRE FACING
OUTWARD)

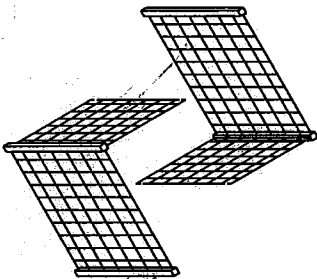

ADJUSTABLE
SHELF-1

(NOTE: THERE ARE 2
SETS OF THREADED
HOLES ON THE SUPPORT
BARS. THE SMALLER
HOLE IS THE TOP AND
THE LARGER HOLE IS
THE BOTTOM)

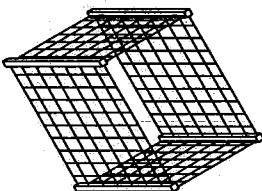

HARDWARE:

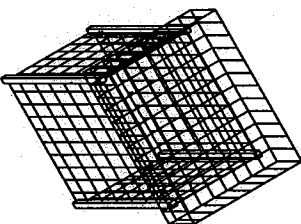

When assembling this unit we recommend that it be done on a hard, flat surface. Avoid carpet or uneven ground.

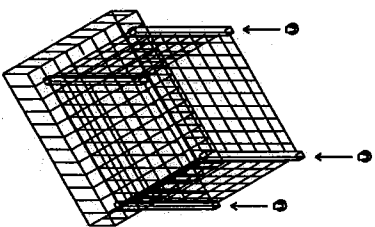

1) First, attach each end panel to each side panel using the hooks as shown.

2) Next, using thumb screws and washer, attach end panels to opposite side panel as shown. (note: at this stage do not fully tighten bolts)

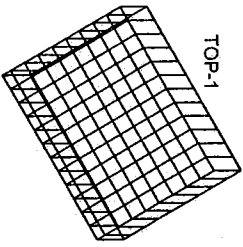

3) Then, using 1/2" bolts and washers, attach the top. When doing this insert the screws only halfway one corner at a time rotating from opposite corner to opposite corner. After they are tightened, fully tighten the thumb screws from step 2.

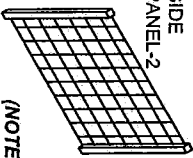

4) Finally, rotate the unit and attach the casters and the adjustable shelf.
