

# Instructions for The Perf-ect Display Wall Unit

1) Align the top and bottom support bars with the end panels.

2) Connect the support bars using the provided screws. Then, attach top triangle supports as shown.

3) Attach shelves and the unit is complete.

## Perf-ect Island w/Add-on

1. Screw levelers into uprights.
2. Attach corner braces to opposite corners of the upper crossbar. (set aside until needed)
3. Attach lower crossbar to the 1st upright.
4. Attach lower crossbar to 2nd upright.
5. Place top crossbar, align holes on the corner braces to the upright, and screw in place.
6. For each Add-on unit repeat steps 1-5

Note - 2 people make assembly easy
